Suggested Materials:

1/4 yd of two colors of fabric or a pile of scraps!

Instructions:

1. Print the pattern.

- Print all pages on standard paper, no special paper is needed. The pattern is set up to print on 8.5x11 paper.
- Make sure your print setting is set to 'Actual Size' or 'No Scaling.'
- The first page of the pattern has a 1 inch x 1 inch test square. Print this page first to make sure the pattern is printing the correct size.
- Print the block 4 times for each finished block.

The Finished Inside Out Pineapple Block finishes out at 12 1/2" inch square.

2. Assemble the Inside Out Pineapple per illustration on Page 3.

This pattern assumes that you have paper piecing experience, and paper piecing instructions are not included. But here are a couple of tips:

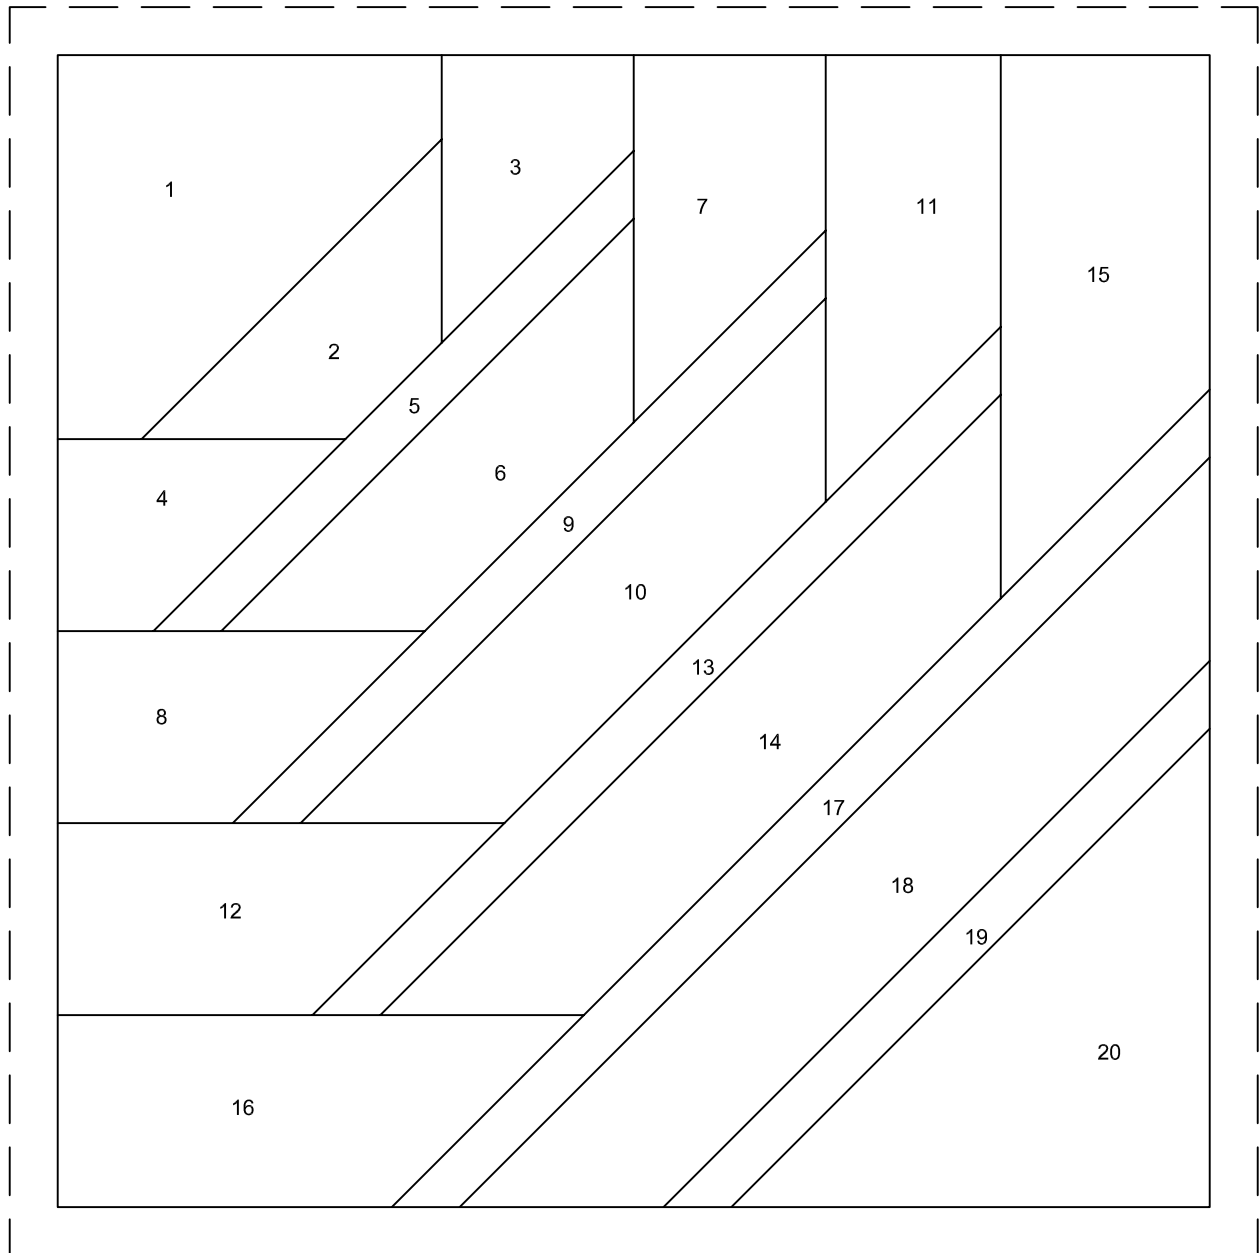

1. Shorten your stitch length. I typically use about 1 to 1.5. This helps when removing the paper.
2. Be sure your fabric pieces cover all the seam allowances (the dotted lines on each pattern piece).

And you're ready for quilting! Congrats!

I'd love to see pictures of your projects!
